

CAPITAL ACCESS PROGRAM

The Capital Access Program (CAP) is one of the Michigan Economic Development Corporation's (MEDC)SM innovative programs available to assist businesses with capital needs. The CAP uses small amounts of public resources to generate private bank financing, providing small Michigan businesses access to capital that might not otherwise be available.

Under the CAP, more than 11,211 loans have been provided to Michigan businesses over the past 22 years. The \$24.3 million in public/state/MEDC/MSF resources committed to the program supported approximately \$628.7 million in bank lending—a private/public ratio of 27 to one.

After a three year absence, the CAP was re-established in April of 2006 to continue assisting small businesses with their financing needs. The program can be used to finance most types of business (with the exceptions of construction, renovation, purchase of residential or rental housing, or rental property). The only restriction on the loan size or term is a maximum loan amount of \$5 million.

Participating banks throughout Michigan offer CAP loans directly to companies that need credit enhancement. Similar to a loan loss reserve fund, the bank, the company and the MEDC pay a small premium into a reserve that makes it possible for the company to receive fixed asset and working capital financing.

DIRECT BANK-BUSINESS TRANSACTION

- CAP loans are private transactions between banks and borrowers
- MEDC plays no role in lending decisions nor in setting loan terms & conditions
- The bank assumes the risk of the loan

FLEXIBLE, NON-BUREAUCRATIC

- CAP loans can be long- or short-term, term loans or lines of credit
- The bank has the flexibility to recast, extend or refinance the loan to address the needs of the business owner

ELIGIBLE BORROWERS

- CAP loans are available to most businesses located and legally authorized to do business in Michigan that satisfy the bank's criteria
- Small businesses—less than 250 employees OR \$6 million in gross annual sales
- Must be for profit institutions
